# EXTRA SESSION ON SHIP BILL IS PLAN

## BRITISH NURSES AID WOUNDED SOLDIER

## HOW THE WAR GAME LOOKS TO ONE WHO PLAYS IT

BY WILLIAM G. SHEPHERD  
(United Press Staff Correspondent)

**DUNKIRK, Jan. 27.**—(By Mail to New York), Feb. 10.—"What's going to happen when spring comes?"

A Belgian officer, straight from the trenches in Flanders answered the question thus for me:

"Nothing, in my opinion. The army boards on both sides have got a puzzle to work out that no military men have ever faced in the world's history. Did you ever see two prize-fighters go into a clinch and refuse to break apart for fear the other would get the advantage of him in the break-away?"

"Well, that's the situation along the line in Flanders today and, I suppose, along the whole line. Here are the two armies, nose-to-nose. You can search through military history and you'll never find two armies that have been so close together without a hand-to-hand battle, as these vast armies are."

**How Break Apart?**

"Now, how are we going to break apart? You must realize that behind our lines for many miles, the earth has been torn up by trench makers. You can't drag artillery over trenches. You have to bridge each trench and the more trenches the Germans dig now, the harder it will be for either side to move its artillery in the spring and neither side can advance without moving its big guns."

"It's going to be a terrible and perhaps an impossible job for the artillerymen on either side when spring breaks." They'll have to bridge the trenches under terrific fire. It will be worse than bridging rivers. It's a new problem for the army engineers, but only one that this far has brought out."

**Teutons' New Ideas**

"You know," he added, "it was the Germans who had the new things when this war started. We've found out that years ago they threw away all their old ideas of warfare and started new again with new ideas and new principles. The Germans from the start have only made new things ready for us. Of course, their huge

## ARIZONA SOLONS ARE IN HONOR QUARANTINE

**PHOENIX, Feb. 10.**—All Arizona legislators are held in an honor quarantine in a downtown hotel today while the capitol is undergoing fumigation to prevent the further spread of smallpox, which already has claimed two members of the lower house.

Peter Munch, assistant clerk in the House, was stricken today, and Congressman Cronin, assistant secretary of the Senate, his roommate.

Vaccination of all members and attaches was practically completed today.

There are twenty mild cases of smallpox in Phoenix, but unless conditions grow worse, the Legislature will resume tomorrow.

## NEW CRATER OPENS IN LASSEN VOLCANO

**REDDING, Cal., Feb. 10.**—Mount Lassen, California's volcano, has developed a new crater far down on the north-eastern slope. Sunday's eruption, it was learned, came from the new crater. The eruption was light, but continued for two hours.

**TRADE CELEBRATION**

**WASHINGTON, Feb. 10.**—Members of the Washington Board of Trade will celebrate the twenty-fifth anniversary of the founding of the organization tonight at a banquet.

\*\*\*\*\*

**THE CITRUS MARKET**

**NEW YORK, Feb. 10.**—Twenty-one cars oranges, one lemons sold. Oranges—Firm; no material change. Lemons—10 cents to 15 cents lower. Averages—Oranges, \$1.70 to \$2.53. Highest—Glendora \$1.70 to \$2.25. Weather—Fair; temperature, 13 degrees.

## Quake Warning Sent Here by 'Nutty' Seer of Reno

**Reno, Nev., Feb. 8, 1915.**

Chief of Police, St. Ana, Cal.

Dear Sir: As you are in the center of the big earthquake the morning of February 20-21 or 20 at 4:30 a. m.,

## S. P. FREIGHT TRAIN KILLS AT POMONA

**POMONA, Feb. 10.**—John Marshall, a butcher of St. Joseph, Mo., was killed today by a Southern Pacific freight train.

## ANOTHER BRITISH CRAFT EMPLOYS OLD GLORY AS A WAR RUSE

**NEW YORK, Feb. 10.**—Passengers on the Cunarder Orduna, arriving from Liverpool today, declared the steamer flew the American flag for twenty-four hours on January 31 in the Irish Sea. The flag was hoisted at the order of Captain Taylor after the vessel left Jersey. The passengers say the flag change followed a report by wireless.

The steamship officials deny the charge, claiming it is a possible joke on the part of the passengers. The story, however, is corroborated.

Attention was called to the fact it was on January 30 that the first German submarine, U-21, sank three steamers off Fleetwood.

**Kept the Flag at Masthead**

About the time the Orduna sailed the Ben Cauleen was sunk. Then came the order for the Orduna to change flags.

The American flag remained at the masthead until the vessel was off Queenstown, where the British flag was substituted, when the pilot was dropped the American flag was again raised and remained aloft until the vessel was well out to sea.

Henry Winter, assistant general manager of the Cunard line, issued this statement, this afternoon:

**Explains Flag Flying**

"As usual the Orduna flew the American flag at the foremast and the British flag from the taffrail when she left Liverpool. She was flying the same flags when she entered New York harbor. The colors forward indicated her destination, those aft her nationality. There is no truth in the report that Captain Taylor switched flags."

Despite this statement, H. T. Strong, of New York, a first cabin passenger, declares the American flag flew aft and his statement was corroborated by James Foru and others.

**WASHINGTON, Feb. 10.**—The State Department officials refused this afternoon to discuss the charge that the Cunarder Orduna used the American flag off the Irish coast. It is generally admitted it has strengthened the government's position in regard to the Lusitania incident.

## BANK ROBBERS KILLED; CAUGHT IN GUN DUEL

**CINCINNATI, Feb. 10.**—An unidentified bank robber was shot and killed today and his companion captured after a thrilling revolver duel. The men attempted to rob a branch of the Mohawk German Bank.

## EMBEZZLEMENT CASE IS SENT TO JURY TODAY

**SAN FRANCISCO, Feb. 10.**—The case of J. C. Wilson and B. A. Wilcox, stock brokers, accused of embezzling \$35,000 from clients, went to the jury this afternoon. Both sides were allowed two hours today for argument.

when you hear that San Francisco has sunk will be at midnight your turn comes next at 4:30 warn everybody from all buildings. My visions never fail.

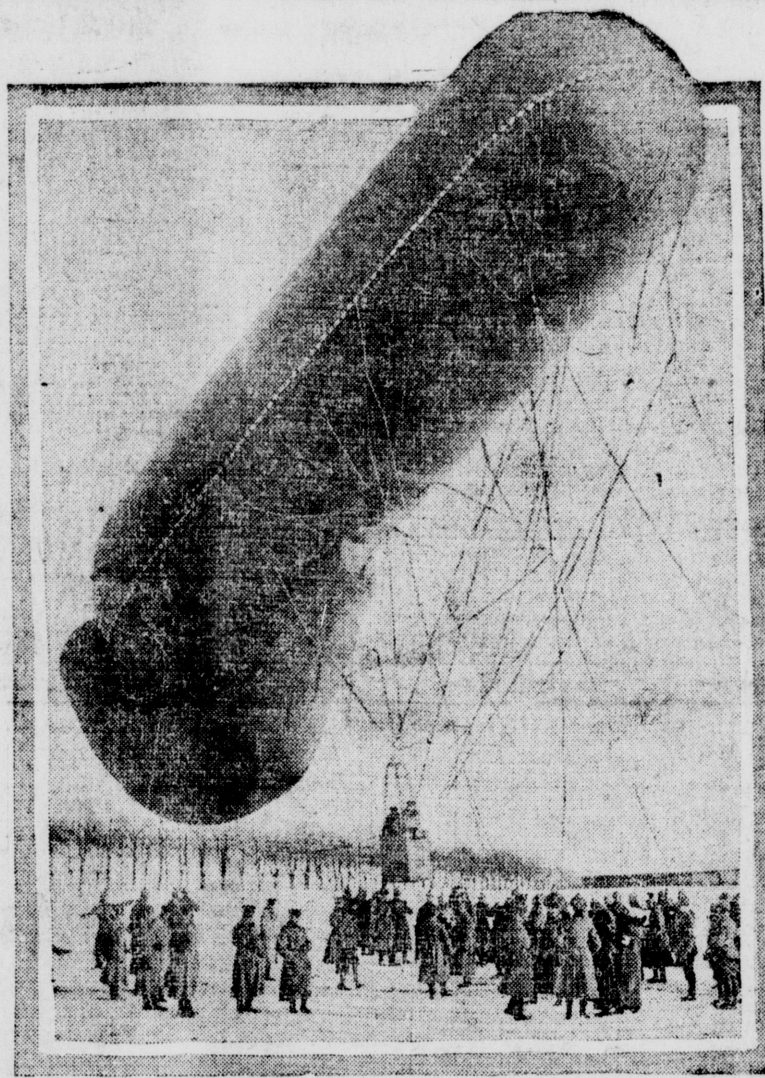

**OTTO K. CHAPPELL.**

The foregoing is a copy of a postcard received yesterday by City Marshal Jernigan.

"The only thing that is at all plain about the message," said Jernigan today, "is the line, 'My visions never fail.' This Chappell has these visions regularly, as he claims he does, all I can say is I feel sorry for him. Too bad he's afflicted that way. The 'booby hatch' would be about the most logical place for Chappell to take up his residence, I think."

## \$110,000 Hotel Planned

### CAPTIVE BALLOON IN OBSERVATION USE

## NO GAMBLING, NO LIQUOR, GO TO CHURCH, EDICT IN PROBATION

**Judge Thomas Gives Freedom to Washburn, With Kind Heart to Heart Talk**

\*\*\*\*\*

"Some people in attempting to criticize me have said that I have turned the courthouse into a prayer meeting. Judges have been searching law books to find out what other judges have done. I don't believe in going to tombstones for advice, and what I have done to bring that criticism has been done because I want to aid in making better men of men who are brought into this court."

**Judge W. H. Thomas.**

\*\*\*\*\*

**Alvin Washburn** of Huntington Beach, who on January 20 was sentenced to seventy-five days in jail and to pay a fine of \$300, was given probation yesterday afternoon by Judge Thomas.

The occasion was an impressive one, starred with unusual incidents. First came Attorney H. C. Head of Santa Ana, who as city attorney of Huntington Beach prosecuted Washburn and Walter De Hetre. These two men pleaded guilty as the climax of one of the most sensational trials held in the superior court in many months. Yesterday Head presented to Judge Thomas a petition signed by forty or fifty residents of Huntington Beach, asking that Washburn be given probation.

**Has Had Lesson**

"On that petition," said Head, "are the names of all of the city officials of

(CONTINUED ON PAGE TWO)

## FOUR ARRESTED IN ELECTION FRAUD CASE

**TERRE HAUTE, Ind., Feb. 10.**—Charged with conspiring to buy an election board, Warren Soules, candidate for county treasurer in the November elections; William S. Fears, candidate for auditor; William Meyers, candidate for assessor, and Morton Holmes, candidate for county commissioner, all Republicans, were arrested today.

## DACIA READY TO SAIL

**NORFOLK, Va., Feb. 10.**—Captain McDonald of the steamer Dacia, with a cargo of cotton for Germany, which has been held in port for some time, said he would sail this afternoon. The British government announces it will seize the Dacia as soon as she reaches German waters. She formerly belonged to the Hamburg-American line.

## MAKE START TO GET OUT 21 DEAD MINERS

**NANAIMO, B. C., Feb. 10.**—Pumps are being installed today in the South Wellington mine of the Pacific Coast Coal Mines, Ltd., preparatory to removing the water and recovering the bodies of twenty-one miners who perished late yesterday when water from an abandoned working flooded the mine. The owners say it is impossible to recover the bodies without the pumps. The installation and the removal of the water will consume six weeks.

### Los Angeles Promoter-Contractors Open Negotiations With Site-Owner on N. Main

At last it looks as if Santa Ana is going to have a handsome, new, modern hotel.

A proposition has been made to the owners of the so-called "hotel site" on North Main street, between Sixth and Seventh streets, that may result soon in the erection of a \$110,000 hotel upon the property.

Negotiations are now under way between the owners of the lot and a firm of Los Angeles promoter-contractors that give promise of successful outcome. These negotiations involve not only the erection of a handsome three-story, but also the leasing of the building to a capable hotel man for a term of ten years.

The price at which the property would be leased under the proposition would yield between 8 and 9 per cent gross on the cost of lot and building.

The building provided for in the plans presented is in the form of a hollow square, and would preserve some of the grand old trees on the lot. It is of the mission style of architecture, with tile roof. There are six store rooms, two fronting on Main street and four on Fifth. At the northeast corner of the building is the dining room or cafe, fronting and having an entrance on Main street, and being beautifully lighted on the north or Church (Seventh) street side.

**Plans Formed Long Ago**

Fifteen or eighteen months ago a number of Santa Ana citizens conceived the idea of purchasing the site. A sum was subscribed in \$500 portions sufficient to buy the two pieces of property that were desired. One of these was the D. H. Thomas estate corner at the northwest corner of Sixth and Main streets, and the other was the Chilton estate property at the southwest corner of Seventh and Main streets. Deeds were secured, and the trustee came into possession of the entire half-block on the west side of Main street between Sixth and Seventh streets.

**Committee Is Named**

Within the last ten days a proposition for building the hotel has been made. It is estimated that the structure will cost in the neighborhood of \$110,000. The owners do not care to build a hotel unless they know that it is going to be operated, and in the negotiations concerning building that has been one of the chief concerns.

Those proposing to build the hotel agree to furnish a capable hotel man who will give a bond to cover a lease of ten years. Further, the man leasing the hotel will install the furniture.

At a meeting of the owners of the site, a committee consisting of S. J. Jackson, J. P. Baumgartner and C. M. Jordan was appointed to look carefully into the details of the offer and into the responsibility of those who are concerned in the negotiations.

There is no question but that the proposition looks good. Details of financing the project have not been settled upon, but will be taken up immediately upon the report of the committee.

across the Atlantic. I have believed that it would be the crowning effort of my career," declared Count Ferdinand von Zeppelin tonight when he resumed his discussion of the possibilities of the giant aircraft which bears his name.

"Not to bombard New York and Washington?" I asked him quickly. The count was very grave as he replied. It was plain from his general attitude that he had been greatly troubled over the charges of ruthlessness in the use of dirigibles in this war and intimations that they are "beyond the pale" of civilized warfare.

"Throw bombs on people who had been so kind to me when I was among them," he said. "Never! I want to sail on a peaceful mission when I go to America. My ambition has not been to create an engine of destruction. It has been to demonstrate that Zeppelins are suited to far greater purposes than to be used as more instruments of warfare."

**GOLFERS AT PINEHURST**

**PINEHURST, N. C., Feb. 10.**—Crack women golfers from many cities today teed off in the annual three-day women's tourney here.

## PRESIDENT IS DETERMINED MEASURE BE MADE LAW

**WASHINGTON, Feb. 10.**—President Wilson will call an extra session of Congress to convene March 5 if the Republican filibuster against the ship-ping bill continues. This was positively announced today.

The extra session will be instructed to consider all appropriation bills that fail of passage in the regular session and another attempt will be made to push the ship purchasing measure through.

The president's decision was reached at a conference between Majority leader Underwood of the House, and Democratic leaders in both branches of Congress.

President Wilson refuses to drop the ship purchase bill at either this or the extra session.

Consideration was given to the Gore substitute, which includes the changes favored by Progressive Republicans, but no decision was reached on this.

At 10 o'clock today there was no sign of a break in the Republican filibuster in the Senate against the ship-ping measure.

At that hour the record for continuous sessions of Congress had been broken, with forty-six hours without a recess. The previous record was thirty-six hours and forty-five minutes, which was made during the filibuster against the repeal of the silver purchase act in 1893.

Senator Sherman concluded his address at 9 o'clock, after speaking eight hours, surrendering to Townsend of Michigan.

Senator Norris announced that he would support a move to suspend the debate on the ship purchase bill unless progress was made during the next few days. He said he believed other measures should not be sacrificed, and declared he would favor an extra session to put through the ship-purchase measure.

Senator Townsend concluded his speech at noon. A call for a quorum then showed eighty-six members present.

Senator Meyers of Montana pleaded with the filibusterers to allow the pending bill to come to a vote. Gallinger then motioned that the water power leasing bill be taken up, and demanded a roll call. The motion was tabled, 49 to 39.

**WASHINGTON, Feb. 10.**—An amendment to the sundry civil bill eliminating an appropriation of \$3,000,000 to be used in obtaining a physical valuation of railroads, was defeated in the House this afternoon by a vote of 89 to 13. The Levy amendment, making the amount \$1,000,000 instead of \$3,000,000, was also defeated.

## SACRAMENTO RIVER YET NEAR THE FLOOD STAGE

**KNIGHTS' LANDING, Cal., Feb. 10.**—Although the river is at a standstill, registering seventeen feet six inches, it is feared a sudden rise may occur, making flood conditions again serious. There is no danger at present.

## WEATHER FORECAST

For Santa Ana and Vicinity—Rain tonight and Thursday. Southeasterly to northwesterly winds.

# NO LIQUOR, NO GAMBLING, GO TO CHURCH

After Serving Twenty of Seventy-five Days, Washburn is Given Probation

## MANY BEACH PEOPLE ASK FOR THE ORDER

Replying to Criticism, Judge Says He Does Not Go to Tombstones for Advice

(CONTINUED FROM PAGE 1)

Huntington Beach, including my own name, the names of three ministers, and the name of the president of the County Dry Federation. I would not recommend that this petition be granted were it not that I am satisfied that Washburn has had his lesson, and that he will obey the probation order in spirit as well as in letter. I do not know Washburn very well, and I am

## Some Victims of La Grippe Never Fully Recover the Health of the Lungs

La Grippe and Bronchial Coughs Often Result, Pneumonia may Develop, and Weak Lungs Lead to Tuberculosis.

THERE'S the reason why you should stop those violent, weakening la grippe coughs. They're dangerous. FOLEY'S HONEY AND TAR masters them quickly, and leaves the throat, bronchial tubes and lungs in a sound, healthy condition.

MRS. T. A. TOWNE, Watertown, So. Dak., says: "I had a severe case of gripe and my doctor prescribed FOLEY'S HONEY AND TAR, and it soon overcame my attack of gripe. When my children have colds I never think of any cough medicine but FOLEY'S HONEY AND TAR, for I can always depend on it."

J. D. ENTERKIN, Winston, Ga., writes: "I had a terrible attack of pneumonia, both lungs involved. After recovering somewhat, my lungs never cleared up, and I suffered severely from congestion. I bought a six bottle of FOLEY'S HONEY AND TAR, and it alone entirely cured me."

FOLEY'S HONEY AND TAR has a record for successful healing that no other cough medicine can equal. It is absolutely free of opiates and is the favorite cough medicine of a majority of people. Use it for all coughs, colds, croup, whooping cough, bronchitis and la grippe coughs. It will not disappoint, or harm the most delicate person.

(CONTINUED FROM PAGE 1)

guns were new. But their trench making was also new. "For instance, the old idea of trench making was to throw the earth up in a high bank before the trench. But the Germans had a better trick than that. Their idea was to hide their trenches, and so they spread out the earth which they took from their trenches in such a way that it was impossible to locate a German trench until you had almost come up to it. The allies were quick enough to adopt the same plan, but we had some nasty lessons first.

Underground Burrows "Then the Germans introduced a new trick when they burrowed underneath our trenches and blew them up from below. It took us weeks to get the tools for burrowing. We do as much burrowing now as they do. The Germans started out with a whole lot of new tricks and if they could have gotten to Paris their tricks might have helped them. But they've been so slow that we have learned of their new schemes and as time goes on, we'll know everything they do about a twentieth century war.

Must Go to Church Judge Thomas said that Washburn would find the people of Huntington Beach as a whole with him. In talking of the terms of probation, Judge Thomas said that Washburn must not drink.

"Can you keep from drinking?" asked the judge. "I certainly can," responded Washburn. "I never drank but little anyhow."

"You have told me that you have gambled some. I want to say that that kind of easy money is really the hardest money on earth."

"I never got any of it," said Washburn.

"Now I am going to ask you to go to church at least once a week. Your wife goes to the Christian church. I understand. Some of your friends may tell you that you are a fool for doing as I ask you. Some people in attempting to criticize me have said that I have turned the courthouse into a prayer meeting, but let me say that what I have done has been with a desire to help men. Judges have been searching in law books to find out what other judges have said and done. I don't believe in going to tombstones for advice, and what I have done to bring that criticism has been done because I want to aid in making better men of men who are brought into this court."

Washburn's fine of \$300 was paid, and with twenty days of his seventy-five-day sentence served he went forth on probation.

It was a remarkable feature in the case that nearly all of those at Huntington Beach who worked the hardest to convict Washburn, also worked the hardest to get probation for him. In investigating the sentence concerning Washburn, Judge Thomas and Attorney Head both made trips to the beach town.

Some months ago there was organized at Huntington Beach the Del Mar Social and Literary Club. A few weeks ago Alvin Washburn and Walter De Hetre were charged with aiding to maintain a place where liquors were distributed. In the raid a huge truckload of liquor was taken.

Summary of Trial With City Attorney Head prosecuting, the two men were convicted in the Huntington Beach court. A new trial was secured in the superior court, Judge Thomas presided. It became evident that many of the witnesses called were purposely "forgetting."

Two witnesses were sent to jail to recover their memories and two others to sober up. Then came a sensation. Witnesses testified that T. A. Wells had advised them that nothing could be done to them if they "did not remember."

Washburn and De Hetre withdrew their pleas of guilty. De Hetre paid a fine of \$100, and Washburn went to jail to begin serving a seventy-five-day sentence.

Since then Wells has been arrested on a charge of subornation of perjury. His preliminary examination has not yet been held. He gave bail.

## Neuralgia

There is no need to suffer the annoying, excruciating pain of neuralgia; Sloan's Liniment laid on gently will soothe the aching head like magic. Don't delay. Try it at once.

Hear What Others Say "I have been a sufferer with Neuralgia for several years and have tried different Liniments, but Sloan's Liniment is the best Liniment for Neuralgia on earth. I have tried it successfully; it has never failed."—F. H. Williams, Augusta, Ark.

Mrs. Ruth C. Claypool, Independence, Mo., writes: "A friend of ours told us about your Liniment. We have been using it for 13 years and think there is nothing like it. We use it on everything, sores, cuts, burns, bruises, sore throat, headaches and on everything else. We can't get along without it. We think it is the best Liniment made."

## SLOAN'S LINIMENT

is the best remedy for rheumatism, backache, sore throat and sprains.

guns were new. But their trench making was also new. "For instance, the old idea of trench making was to throw the earth up in a high bank before the trench. But the Germans had a better trick than that. Their idea was to hide their trenches, and so they spread out the earth which they took from their trenches in such a way that it was impossible to locate a German trench until you had almost come up to it. The allies were quick enough to adopt the same plan, but we had some nasty lessons first.

Underground Burrows "Then the Germans introduced a new trick when they burrowed underneath our trenches and blew them up from below. It took us weeks to get the tools for burrowing. We do as much burrowing now as they do. The Germans started out with a whole lot of new tricks and if they could have gotten to Paris their tricks might have helped them. But they've been so slow that we have learned of their new schemes and as time goes on, we'll know everything they do about a twentieth century war.

"It's an old game played in a new way," he summed up. "But it doesn't look like a new game to civilization. It looks like one great murder."

"You civilians miss the point of it," said the Belgian with great sincerity. Let me give you an example. I've done a lot of big game shooting, because I was stationed in Belgian Congo for many years and after I had killed a lion or an elephant, I used to watch, with fascination, the faces of the negro bush hunters. I used to see on them a brutal animal leer that grew out of lust for killing. It was always on their faces as they saw an animal die and in spite of my love for big game killing, I used to almost shudder at that smile at killing.

Smile at Killing "But, now, I think, that same smile of killing must have been on my face, even as I watched the natives, because I've seen it on the faces of my soldiers and of my fellow officers, after we'd killed a batch of Germans. They look at Germans with that same kind of a leer that I used to see on the faces of those Africans.

"Killing is a game," he continued with the same earnestness. "Men like it. All men like it. In a battle, they don't think of their flag or their country or the right or wrong of their cause. They only think of killing; the thought of dying never enters their heads. You'd be the same. Any normal man would be the same. As long as you are well and sound and have plenty of food, you'll have the time of your life in war."

"But, haven't you ever seen men run away?"

"Never in battle. They run away on long marches, when they are tired, or because they are sleepy or hungry. Some of them, a very few, run away because they can't stand the anticipation of danger. But I've never seen a man run away under fire as long as his ammunition held out and he had a chance to kill. It's very terrible, isn't it? But I fear the good God has made us that way."

Hardships in Trenches "You hear a great deal about the hardship of men in the trenches, don't you? That's all very well and very true. But do you know that most soldiers will suffer cold, hunger and sleeplessness for many weeks if they are sure at the end of it all they are to have only a few little minutes of fighting. I know my men as I know my own brother and know they were repaid for weeks of suffering for only the few minutes of a good time. As for the later all their hardships were atoned for by twenty minutes of fighting."

"What do you mean by a good time?"

"Plenty of killed," he answered, "and then to watch the enemy run. Do you know what strikes me as funniest of all?" he concluded.

"What?"

"How little the women of the world know of their men, and how little the men know of themselves until they get a chance to kill."

# Pre-Opening Sale of Lots in Polytechnic Villa Subdivision

We have taken the exclusive selling agency of this subdivision, and for a limited time can offer a small number of lots in this restricted district at a great discount, upon easy payments with low rate of interest. The sewers, water and gas are already in, and these lots will be sold with a guarantee from owners that streets will be graveled and oiled, that all sidewalks and curbing will be built, that parking will be completed and that trees will be planted.

While Improvements are being completed

## 20% discount from list prices will be given to the first ten persons buying lots!

For the purpose of securing the erection of a few houses:

## 40% discount from list prices will be given to the first five persons buying lots on which houses are erected within ninety days from date of purchase.

All lots in this entire subdivision will be sold under restrictions, which means that the POLYTECHNIC VILLA SUBDIVISION will soon become one of the best residential districts of Santa Ana, and under this very liberal proposition anyone desiring a home can secure it with a cash payment of only 60 per cent of value of lot and a monthly payment very little, if any, more than rent. To persons desiring to make a quick profit on a small investment, this is their chance if they come in time. We will be pleased to show these lots with auto and explain terms of payment at any time. If purchaser pays for lot and has not the money to build a house we will loan the funds necessary on easy monthly payments.

## Holmes Loan & Realty Co.

501 North Main St., Santa Ana.

## SCHOOL BONDS ARE CARRIED

Enterprising District Votes Almost Four to One for the Proposal

HUNTINGTON BEACH, Feb. 10.—The school bond election of \$70,000 for new sites and new school buildings was carried at the election Saturday by a vote of 292 to 78, a little short of four to one. No campaign had been made for the bonds. On the morning of election day some opposition seemed to be developing and a number of automobiles were volunteered for service by those who wanted the bonds to carry. Three hundred and seventy-two out of 567 votes were cast.

Herbert N. Hoskins, teacher of science in the high school, who was struck in the head by the twelve-pound shot on Thursday afternoon of last week, has so far recovered as to be able to be at school Monday. It will be some time before the injury is healed, but it is not now believed that serious consequences will follow.

Mrs. W. H. Bolton, deputy district inspector of the Rebekahs, has completed her work of inspection and installation of officers in the lodges of the district. Westminster was the last lodge visited. Others in the district are Orange, Whittier, Anaheim.

## CHILDREN HATE OIL, CALOMEL AND PILLS

'California Syrup of Figs' Best for Tender Stomach, Liver and Bowels

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Advertisement.

Fullerton and two at Santa Ana. The home lodge at Huntington Beach held its installation and special work last Friday night.

An Iowa society has been organized with W. D. Seely as president. The first general meeting is to be held at the Huntington Inn on Friday evening of this week. A banquet will be served at that time and additional memberships taken. An effort will be made to induce the Iowa Society of Southern California to hold its fall picnic at Huntington Beach instead of Long Beach, as has been customary for some years past.

Except in one district where the roads were impassable the work of taking the religious census in the Huntington Beach district was carried out successfully last Saturday under the direction of T. C. H. DeLapp, district superintendent. The time required for the work was something more than two hours, some of the teams working until well into the afternoon. The results of the census have not yet been compiled. An effort will be made to bring in the missing district before turning the results over to the county officials.

It Really Does Relieve Rheumatism Everybody who is afflicted with rheumatism in any form should by all means keep a bottle of Sloan's Liniment on hand. The minute you feel pain or soreness in a joint or muscle, bathe it with Sloan's Liniment. Do not rub it in. Sloan's penetrates almost immediately right to the seat of pain, relieving the hot, tender, swollen feeling and making the part easy and comfortable. Get a bottle of Sloan's Liniment for 25 cents of any druggist and have it in the house—against Colds, Sore and Swollen Joints, Lumbago, Sciatica and like ailments. Your money back if not satisfied, but it does give almost instant relief. Buy a bottle today.

## FINE FEATHERS GALORE AT THE BANTAM AND AVIARY SHOW

Exhibition, Opened Today, Has Great Variety of Pet Stock on Display

With an unusual variety of pet stock on exhibition, the second annual show of the Orange County Bantam and Aviary Club opened this morning in the postoffice block. The show will not close until Saturday night. Ribbons for winners are being placed today. With twenty different kinds of bantams on display, a large list of pigeons and canaries, and a lot of fine poultry, the feathered creatures are easily the leading feature of the show. Of the display of rabbits, the New Zealand variety hold sway. There are some excellent steel grey giants and black Flemish fellows there, too. The biggest rabbit of the lot is a silver tip Flemish shown by Theodore Reuter. Lyle Roberts, a little boy, got a first with his white Angora.

### Hornless Goat

Kaiser Wilhelm has a pen all to himself. Kaiser Wilhelm is a goat without horns. His breed is the Swiss Toggenburg. The goat is a friendly beast, willing at any moment to stick his head over the rail to be rubbed by admiring youngsters. He is owned by the Greenleaf brothers.

While the display of poultry is not large, it is interesting and the birds are of high class. Many of them have taken prizes elsewhere. The Greenleaf brothers walked away with the Rhode Island Red and many of the Houdan firsts. Fred Bunke and B. F. Kuechel, who have a quality line of bantam cochin, have some of the big chickens there. L. Miles, William Johnson and William Wamsley are among exhibitors of fine poultry stock.

### Banties and Pigeons

Golden Seabrights offered the keenest competition among the exhibitors of bantams. Theo. Reuter and L. Miles have some of their fine Golden Seabrights on show. Mrs. J. C. Park of Orange gets ribbons with black-tailed Japanese bantams. B. F. Kuechel's Silver Seabrights, Red Pyle games shown by Raymond Prothero and Burr Shaffer, Black and Buff Cochins shown by Burke and Kuechel, fine B. B. red games from the pens of Dr. Davenport of Stockton and Burr Shaffer of Santa Ana are attracting a great deal of attention.

No little interest is shown in a warbler that belongs to Palmer & Walker. His songster efforts are pronounced by bird fanciers as ideal. But he is not alone in his singing. The canary exhibit is of importance and interest, and the competition is exceedingly keen.

**COLDS ARE OFTEN MOST SERIOUS STOP POSSIBLE COMPLICATIONS**  
The disregard of colds has often brought many a regret. The fact of sneezing, coughing, or a fever should be warning enough that your system needs immediate attention. Certainly loss of sleep is most serious. It is a warning given by Nature. It is a man's duty to himself to assist by doing his part. Dr. King's New Discovery is based on a scientific analysis of colds. See at your Druggist. Buy a bottle today.—Advertisement.

### PRETTY GIRL CUTS 350-POUND CAKE

NEW YORK, Feb. 10.—As the clocks in the Hotel Astor banquet hall pointed to one minute after midnight today, Miss Ethel Levy flourished a six-foot knife and cut into a 350-pound birthday cake, the centerpiece of the speakers' table at the second annual banquet of the Far Western Travelers' Association. There were 1500 guests at the banquet.

Miss Levy is assistant secretary of the organization. The cake was the gift of the Northern Pacific Railway, and a special attendant brought it here in a freight car.

### WHAT \$10 DID FOR THIS WOMAN

**The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.**

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALEY, 501 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

Ancona cock, owned by L. Miles of 511 W. Seventeenth street, gets a first at show here. He took firsts at Los Angeles, Long Beach, Oakland and Riverside shows.

### IN THE JUSTICE COURT

## FILLING TOOTH AN OPERATION FOR A DOCTOR?

That Question is One That Justice Cox Leaves for Upper Court to Answer

Can a physician without first being licensed as a dentist do the work of a dentist without breaking the California law requiring that a dentist be licensed?

The question was up before Justice Cox yesterday in the preliminary examination of Dr. J. C. Osher of Anaheim. Justice Cox left the answer to the superior court. He ordered Dr. Osher held to answer on a \$100 bond, the charge of practicing dentistry without a license being a high misdemeanor and therefore must be tried in the superior court.

Dr. Osher's defense as outlined during the preliminary is that he is a practicing physician, and as such he has a right under the California law to perform operations upon any part of the human body. It was asserted that pulling a tooth and filling a tooth are operations that any physician may perform if he knows how and wants to do it, without breaking the dentistry regulations.

Deputy District Attorney Eden prosecuted, and I. F. Thompson of Los Angeles defended. Lillian Clabaugh, Blanche Graves and Dr. F. H. Haugh, the latter of Anaheim and a member of the State Board of Dental Examiners, and others were put on the stand. There was no question but that the man practiced dentistry.

### Fined \$50 for Speed

C. A. Griffith of Anaheim was in court yesterday on a second charge of speeding, and was fined \$50, the minimum for a second offense.

## SAYS LASWELL SUGGESTED IT

Venas Watson on Stand Declares Fumigator Talked Theft Over With Him

At his preliminary examination before Justice Armor at Orange this morning, Venas Watson testified that the theft of cyanide by him was suggested by A. Laswell, a fumigator, who is under a felony charge in connection with the purchase of cyanide stolen recently at Orange. Young Watson was ordered held for trial in the superior court.

Watson said that Laswell first told him about two cases of cyanide in an association packing-house. Watson tried to get it, but went back to Laswell and told him he could not land the cases. Watson then stole two cases from the McPherson Heights outfit and nearly two cases from Bowman & Wiley. He testified that Laswell paid him \$40 for the cyanide.

## GARDEN GROVE HOUSE DESTROYED BY FIRE

Gasoline and kerosene burner were again responsible for a fire at about 7 o'clock last night when a house belonging to R. Longstreet, an oil man, in which a Japanese family lived, was destroyed, near Garden Grove. One of the Japanese was slightly burned. The entire contents of the house were destroyed as was also \$20 in money. An explosion resulted when one of the Japanese tried to fill a lighted stove. The house was located about a mile east and a mile north of Garden Grove.

You should see "Mrs. Wiggs," at Clune's.

### BOARD OF SUPERVISORS

## HIS PROPOSAL OF INSPECTION JOB IS BUMPED

Dr. Mantor's Efforts Toward Creating of Position Meet Disaster Yesterday

The efforts of Dr. H. O. Mantor, a veterinary surgeon of Orange, to have the Board of Supervisors create the office of meat, milk and food inspector and to have himself appointed to fill the position met with disaster yesterday when the supervisors denied Dr. Mantor's petition. Dr. Mantor had circulated a petition among the physicians of the county and had the signatures of most of them asking that the inspection be provided for.

### School Districts

On the report of County Superintendent Mitchell the petition for taking a mile strip from Fairview School District and placing it in Harper School District, was denied. Arrangements have been made that will probably result in the formation of a union school district so that the children of both districts can attend school at Harper. There are fifteen children in the Fairview school and thirty in the Harper. Harper has a two-room building and has had a second teacher paid for by a special tax. Under the proposed arrangement the special tax will be obviated.

### Buy a Machine

It was decided to pay \$150 to J. E. Ward of Long Beach for a machine to be used in repair work upon the surface of paved roads.

A change in school boundary whereby part of Olinda School District is transferred to Yorba Linda School District was granted.

### Appointments

Under a new ordinance creating the joint office of fish and game warden and fire warden, W. E. Adkinson of Trabuco was appointed to the position created. This appointment was agreed upon two weeks ago.

W. W. Wilson of Balboa was put on a salary of \$150 a month to give all of his time to the work of the exposition interests. He is the county's commissioner in the Southern California Expositions Commission.

### Condemn Strip

The district attorney was authorized to commence proceedings to condemn a 10-foot strip in front of the Morgan property on West Fifth street. Except at that point the county has a sixty-foot right of way.

The auditor was given permission to attend the convention of state auditors at San Luis Obispo, and the sheriff of the state convention of sheriffs at San Francisco.

Justice Lemke of Yorba was given permission to leave the state on leave of absence.

The report of the viewers for the road between Huntington Beach and Sunset Beach along the coast boulevard was filed and the hearing was set for March 3.

## CAPISTRANO YOUTH IS ARRESTED HERE

Acting on orders from the sheriff's office, City Marshal Jernigan and Officer Smithwick yesterday arrested Eddie Velarde, of Capistrano, suspected of a burglary in that town recently. The arrest was made at the corner of Sycamore and Third streets.

Velarde is alleged to have stolen a Colt's 38-caliber automatic, and a Smith & Wesson revolver, a pair of trousers, an Ingersoll watch and a ten-dollar Confederate bill.

Velarde is 17 years of age. His parents live at Capistrano. He was registered at December 17 as "Joe Yorda." When he left he was suspected of complicity in the thefts which occurred there at about that time. Later Velarde was arrested in the Alexander Allee house on West Fifth street and sentenced to thirty days in jail for vagrancy. The local police endeavored to attach some blame for the Harris House burglary on Velarde, but there was not sufficient evidence.

—Insurance? See Ben about it.

Santa Ana Painless Dentists, 102 1/2 East Fourth St. Main 253.

## GRADUATES TO GET DIPLOMAS

Intermediate School to Hold Exercises Friday Night at Opera House

The members of the mid-winter graduation class of the Intermediate school, for many weeks, have been earnestly preparing their cantata, "The Gypsy Maid," to be given Friday night at the Grand Opera House.

Last year the mid-winter graduates included thirty members, but this year seventy-four will have part in the graduation exercises. In comparison with the entire list of last year's graduates, numbering 160, this year from 175 to 180 students will complete this course of study at Intermediate school.

A small admittance fee of twenty-cents will be charged in order to cover expenses, and the public is urged to encourage the faithful efforts of these young people, by attendance.

## BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

### FORMAL OPENING OF CANAL POSTPONED

A combination of factors, not foreseen when plans were made for formal opening in March of the Panama canal, seems likely to force postponement until July. In the first place Col. George W. Goethals is not in a position to guarantee transit through the canal for vessels of the navy. The effects of the recent slide at Gold Hill are not to be overcome rapidly enough to make it certain that the waterway can be used by the fleet of deep draft vessels scheduled to make the function suitably formal and impressive.

Moreover war in Europe has come to interfere seriously with the original plan of celebrating the opening of the new sea route of the nations, and to prevent it from having that complete international aspect which it was expected to take. In addition, problems of state, arising from the war, are of such an exigent character that the president and some of his advisers hesitate about sharing in an enterprise involving prolonged absence from the seat of government during March. A trip by rail to San Francisco to open the exposition formally can still be undertaken; but at less cost of time, and with swifter means of return to the national capital if there should be an emergency call.

Public opinion will probably support a prudent policy of dealing with this matter, on the ground that it is more important that the vessels of the fleet be free to conserve national interests in customary ways than it is that they pass from ocean to ocean at any particular time. It is of more consequence that officials be on hand to meet the demands of an exceptionally important and complicated era of international relations than it is that they share in a picturesque and imposing mobilization of vessels of war and of the merchant marine chiefly in response to promptings of sentiment. Meantime Colonel Goethals will be freer to grapple anew with his task.—Christian Science Monitor.

### INCOME TAX RETURNS

Within a few days the blanks have been distributed for returns for income tax for the year 1915. A year ago at this time it would be difficult to exaggerate the annoyance felt by those liable to such tax. The regulations of the treasury department were more or less vague.

Bank men and other authorities differed as to their interpretation. Some argued that a married couple would have to pay tax if their joint income was \$4000, while others declared that a joint income under \$6000, might be exempt. To complicate the matter further, last year's return was for but five-sixths of a year. After the income on a given item was figured out for a year, it had to be divided by five-sixths. Many a taxpayer found that his arithmetic had gone bad under this scholastic test. The profanity expended was infinite.

One taxpayer known to the writer, being in doubt as to what exemption he might claim, left the exemption line in the return blank, thinking that the internal revenue officials would fill it out for him, but they failed to do so. So he had to pay the tax on his whole income without exemption, then go through the red tape of filing sworn petition for refund, with corrected returns, and the repayment has not yet been made.

Last year some newspapers conducted columns of questions and answers on the income tax. Learned authorities offered answers surrounded by much legal verbiage, over which the perplexed tax payer puzzled his head as best he might.

Last year's law was put through in haste, but this year the blank return is in much better shape, and seems clear enough in ordinary cases. Space is left for the wife's return after each item, so that one blank can cover the income of both husband and wife.

While many income tax payers are not reconciled to this tax, and argue that it is unfair, this is a country where it pays to submit good naturedly to the will of the majority. The average man can not get much excited about the sufferings of his neighbor on a \$10,000 income, who is taxed \$60 under the law.

### GOOD ROADS

The amount of interest which is being taken in good roads is surely encouraging; but it is a mistake to suppose that the whole country is safely on the way to salvation in this matter. The statistics recently issued by the government are more or less misleading.

the details. It is true that ten years ago the output of the entire country for road betterment was but \$2,000,000 in the year, and that in 1914 \$43,000,000 was expended by the states. But it is also true that two Pacific states and six eastern states expended four-fifths of it, leaving only one-fifth of the amount as the expenditure by five-sixths of the states. It is all very well for local convenience to have good roads near home; but our efforts must not stop there. The agitation for good roads must be kept up. It is of vital interest to every citizen, no matter how far he may be from the roads that need bettering. There is nothing that will lower the cost of living all over the country like reducing the cost of hauling products over bad roads.—San Diego Union.

### WOMAN DEFIES BOERS WHO STEAL HER HORSE

LONDON, Jan. 23.—(By Mail to New York), Feb. 10.—How she defied a party of De Wet's rebel commando is told by Mrs. Eleanor M. Geach, writing from Steynrust, Orange Colony, to a friend in London.

"When De Wet's men passed through here they stole everything they could lay hands on," she says. "For a time we managed to hide our horse, but at last they spotted him. I clung to the animal and defied them to take him. I just did give it to them straight from the shoulder, and they left. But soon five of them returned and before we could prevent it two of them grabbed the horse and led it away.

"Then the other three came to the house, grinned, and one held out his paw. I put my hand behind me and looked him up and down, and said, 'I don't take the hand of a thing like you.' This riled them, for it is a big insult to refuse a Boer's hand. Then we went at it. I called them thieves and liars. They rode off, but came galloping back with their rifles ready to shoot at me if I offered any further resistance to their going into the store and stealing. They made our Kaffir man, at the point of the rifle, show them where reins and halters were, which they stole.

"Two weeks after, our dear old horse found his way home. He had been wounded in the head and nearly ridden to death."

### PROBATION IS GIVEN ON FIVE-YEAR ORDER

LOS ANGELES, Feb. 10.—G. Burr Casler, who was convicted of embezzling stock of the Union Brewing Company of Anaheim, was yesterday placed on probation of five years by Judge Willis. Casler got away with \$9450 of stock on November 28, 1913, and immediately started for Australia, where he was captured and brought back by Under Sheriff Brain and County Detective McLaren. The stock was the property of A. Silvers.

THE LIVER REGULATES THE BODY A SLOUGHISH LIVER NEEDS CARE. Someone has said that people with Chronic Liver Complaint should be shut away from humanity, for they are pessimists and see through a "glass darkly." Why? Because mental states depend upon physical states. Biliousness, Headaches, Dizziness and Constipation disappear after using Dr. King's New Life Pills. 25c at your Druggist—Advertisement.

## ABSOLUTELY CONDEMNS OIL AND CRUSHED ROCK SURFACE

Editor Register: You have invited a discussion of the advisability of a \$500,000 bond issue to be used in making more roads in this county, and I thank you for the privilege of expressing my thoughts through the columns of your valuable paper.

I do not think it advisable at this time to submit such a bond issue to a vote of the people. I hardly think the people would vote \$500,000 more bonds for permanent and lasting macadamized roads after seeing, traveling over and thoroughly inspecting, the roads already claimed to have been completed by our road commission and county supervisors.

No fault can be found with the base of the road, but the wearing surface is composed of a material that is not of the best quality and is altogether too thin to last any length of time. In fact, it is hardly laid in some locations before it begins to wear off. In other localities, on the Newport road for example, so much volatile oil was in the black oil that it has evaporated to a great extent, or has been removed by the suction of the auto tires, and the fine crushed rock is left exposed, resting as it does on the cement base below. I was out over the roads last week and chipped up little flakes here and there, and where the pavement has been used for any number of months the surfacing is hardly one-fourth of an inch thick. In hundreds of places it is worn out entirely and the wear of the travel is coming on the concrete. It can not be otherwise, as the surfacing material is so thin that if it were made of the best material possible it surely would not last long, being only one-half inch thick when applied, with no chance for elasticity, the crushed rock coming in contact with the concrete below and the travel above. It simply makes a light wearing, that is temporary and is but little more than a joke as far as durability is concerned.

Mr. Finley stated once before the Chamber of Commerce that it would need to be constantly repaired. When I used my influence for, and voted for, the \$1,200,000 bonds for good roads, I supposed, as nearly everybody did, that we were voting a bond on our selves and our children for a durable and lasting road, a road that they could use and one that would be of great benefit to them as well as my-

self; and by reading the recommendations of the road commission to the county supervisors I thought we were to use the money from the sale of the bonds in making a solid macadamized road, such as we have in the new paved streets of Santa Ana, Orange and Anaheim, and we voted enough money to make such a road. A map of the proposed roads was made out. The Register said it reached out to all parts of the county and gave a satisfactory road to all the people of the county. I have talked to more than 100 men in the last week relative to this matter, and what they all want to know is, why our supervisors don't use this money to complete us a solid, permanent road, instead of covering the concrete with this thin coat of poor material, which will have to be repaired at once; and taking the money that should be used to make our roads permanent when we voted for a permanent road, and declare such money as a surplus, and with it make more roads of the same character.

Taxpayers, the personal opinion of the writer is, that this thin wearing surface can last but a year or two at the most, and our roads will wear away so fast that we will be called upon, and will be obliged to vote more bonds to cover them. In the Santa Ana Bulletin of February 5 is a statement from our Highway Commission quoting Mr. A. B. Fletcher as stating that 1½ or 2-inch asphalt surface is 6 cents per square foot. On the same page of the same paper of the same date is a statement from State Highway Commissioner Darlington, "That 2 inches of asphalt costs \$4000 a mile."

Now, which of these men knows what he is talking about? We all know, who have had any paving done, that the statement of the commissioner is plenty high enough. Now, if 2 inches of asphalt can be put on for \$4000 a mile, 1½ inches can be put down for \$3000 a mile; with \$240,000 eighty miles of our 107.22 miles of road can be covered.

I am in favor, and I believe there are very few voters and taxpayers of the county that are not in favor, of paving and making the Santa Ana canyon road as permanent and lasting as any other road of the county. After this is done use all of the remainder of the money covering the

good base that we have with an inch and one-half of the best quality of asphaltum. Then if you haven't money enough to cover all the concrete, which you surely will not have, come to the voters and ask for enough bonds to finish the 107.22 miles of road in a good and permanent manner, and they will be voted, and we will all be satisfied.

Our road commission has been quoted as stating that this thin covering that is being used by them is more economical to use than one and one-half inches of the best asphalt surfacing. Many of our taxpayers and other people interested are wondering why our road commission was so active in getting Mr. Fletcher to surface between Santa Ana and Anaheim with asphaltum? And why was a man stationed on the state highway east of La Habra one Sunday counting the traffic, so as to have a lever to use with the state commission to get them to use asphaltum on the road from Fullerton to the county line? And if this thin, cheap material makes a good permanent road, why did Fullerton, Anaheim and Santa Ana use the other? The mayor and trustees of the city of Santa Ana are men of good judgment.

Ask Mr. Ey what he thinks of the one-half inch of bitumen, or the mayor of Anaheim the same question. Who would you rather believe, some fellow that tells you a thing is all right and you go and try it and find it to be a failure, or your own eyes and sound judgment?

I am quite sure that if a vote of the people could be taken on the proposition of completing these roads with one and one-half inches of good asphaltum or to leave them with this thin coat of oil and crushed rock, it would go ten to one in favor of the better material.

All we ask of the commission is to invest the money on the roads laid out before the bonds were voted and give us as good roads as the money will make and we will be satisfied.

LUCIEN A. SWEET.  
1416 West Washington, Santa Ana.

"Mrs. Wiggs of the Cabbage Patch" at Clune's tonight.

## Foundation Stones for Agricultural Success

[NOTE—"What are the fundamental principles of successful agriculture?" This is one of a series of articles answering that question. In these brief summaries different experts of the faculty of the College of Agriculture of the University of California have set forth succinctly the basic principles of their various specialties.]

11.—MODERN CITY AND TOWN PLANNING  
By John W. Gregg, Professor of Landscape Gardening and Floriculture in the University of California.

City and Town Planning:  
Conserves human energy and protects life, especially child life.  
Fosters economy and introduces a scientific reality into a definite scheme of orderly development.  
Results in a material saving in the cost of all public improvements.  
Correlates various activities.  
Encourages commercial activities.  
Preserves historic buildings and sites.  
Prevents mistakes which make inevitable other mistakes which cannot be corrected.  
Provides for a well-developed system of streets.  
Regulates the location and grouping of public buildings.  
Reserves space throughout the city for play-grounds, parks, public gardens and athletic areas.  
Provides for the democratizing movements of social centers.  
Regulates and locates industrial and residential districts.  
Provides areas for beautiful homes, depopulates the slums, and provides comfortable environment for the poor.  
Provides for proper housing facilities.  
Limits the height of buildings and the proportions of lot areas to be built on.  
Establishes zones or districts to be developed in different ways.  
Regulates the plotting of suburban areas in harmony with the general plan.  
Controls the development of private-owned public utilities and the location of works.  
Saves time, motion, health, happiness, children, and a great deal of waste and haste.  
Everything Electrical for the home, washers, vacuum cleaners, irons, lighting fixtures of all kinds. Let us figure your wiring job.

### ENJOY DELIGHTFUL TIME

#### Popular Santa Ana Couple Celebrate Wooden Wedding in Clever Style

The friends who joined in celebrating the fifth wedding anniversary of Mr. and Mrs. Robert J. Brown, last evening, pronounced the affair to be one of unusual cleverness for Mrs. Brown, with her able assistance, the genial "bridegroom," proved to be an ideal hostess.

As appropriate decorations, the attractive home was festooned with trimmings of wood shavings, the portieres between living room and dining room being cleverly fashioned from clothes pins.

"Though the host and hostess had planned to keep the importance of the evening party a surprise, their secret became known and they were remembered with an array of lovely gifts. An elegant writing desk, leather top stool, wicker basket, fancy nut trays with hammer and anvil, numerous articles of orange wood and a beautiful hand-painted scene, done on wood, were among the appropriate gifts which were highly appreciated by the honorees.

The company was entertained with music, both vocal and instrumental, and also with a variety of games. After an interesting contest called a "Floral Wedding," Mrs. Berrett Wells was rewarded with a burnt wood box filled with home made candles, a tiny pair of wooden shoes going to Mrs. Harry Roberts as consolation, while at the close of an exciting advertisement guessing contest the brilliancy of Mrs. E. L. Peacock was rewarded with a cake of soap introduced by these lines: "You proved yourself so wide awake, you could not help but take the cake." The consolation prize, a small wooden keg filled with candies, was captured by Mrs. De Mar.

Late in the evening a delicious collation was served by the hostess, assisted by her charming sister, Miss Charlotte Kee. The individual trays were marked with favor bouquets of fragrant violets, and assorted nuts in cunning little birch canoes further honored the important day.

Those enjoying the delightful hospitality of Mr. and Mrs. Brown were Mr. and Mrs. C. S. Williams and children, Muri and Alva; Mr. and Mrs. E. L. Peacock, Mr. and Mrs. C. A. De Mar, Mr. and Mrs. Harry Roberts and son, Lyle, Mr. and Mrs. G. Bliss, Mr. and Mrs. Berrett Wells, Mrs. Frank Thompson, Mrs. Albert Shaw, Misses Charlotte Kee, Doris Wells, Helen Wells, Katherine Doughitt and Mr. John Morrison.

### IN DAYS OF '46

#### Quaint Articles of Trousseau of Bride of the Long Ago Excite Admiration

Sixty-nine years ago the bride of an hour stepped from her girlhood home into the family coach waiting at the door to take her with the man of her choice on the first stage of their wedding journey.

Those looking at her said, "How sweet!" Today we should add, "and how quaint!"

She was dressed in a gown of grey satin, trimmed with cut-steel buttons. On her head was a "poke bonnet" of grey velvet, with a wreath of pink roses framing the face. Her wrap was a "paisley shawl"—a thing much coveted by the womankind of those days—and on her hands were silk mitts, covering only half the length of the fingers.

This same "paisley shawl" may be seen this week in the window of the Persian Dye Works, next door to the postoffice, just as much a "thing of beauty" as it was that day so many years ago. The soft and very beautiful coloring seems not at all affected by the passing of time, and it is as highly prized by its owner and as much admired by others as it has ever been.

With the shawl is being shown some underwear from the trousseau of this same bride, and some embroidered caps that were worn by her grandmother. All of these are marvels of fine hand-work. One chemise in particular is made of linen as fine and soft as silk, and trimmed with little ruffles of fine linen cambric. Every stitch in this, even in the long seams, is so even and tiny as to be scarcely discernible without the aid of a magnifying glass.

The most noticeable thing about the caps is the very heavy embroidery on very sheer material. One is of an odd and pretty shape that might well be copied for a modern "boudoir cap."

This window is exciting much interest and giving pleasure to a great many, both men and women, who enjoy looking at such rare heirlooms.

### Entertained Card Club

Mrs. F. W. Fuller delightfully entertained the members of the card club to which she belongs yesterday afternoon at her attractive home on North Bush street.

Whist was the afternoon diversion, at which Mrs. Russell Scott won high honors. Mrs. Roscoe Whitted capturing the consolation trophy.

Ices in heart shape, delicious cakes of similar design and mints were enjoyed after the merry session.

Mesdames Carl Strick, H. F. Duckett, Wm. Tubbs and Clyde Walker were guests of the club, the members present being Mesdames Russell Scott, E. S. Morrow, George Briggs, O. K. Forgy, Wm. Lutz, R. R. Shafer, Roscoe Whitted, C. S. Kendall and F. W. Fuller.

### Met With Class Teacher.

In spite of the rainy weather, an enthusiastic meeting was held last evening by the Philatheas of the First Presbyterian church, at the home of the class teacher, Mrs. J. G. Morrow.

The sewing, which was undertaken at the last meeting, was not continued last evening and, instead, those present enjoyed a social time, during which Mrs. Morrow signalled "lights out" and the guests toasted marshmallows over the flames of tiny red candles.

A report from the class treasurer proved that she should be entitled to a "Carnegie Medal," and, as the class dues are to be used for social purposes, the committee is planning for a jubilee in the near future.

### W. R. C. Entertainment

The W. R. C. will give a patriotic program honoring the month of the birthdays of several of our national heroes, on the birthday of Abraham Lincoln, Friday, February 12. The entertainment will be held at 2:30 o'clock at the G. A. R. hall, and the public is cordially invited.

### INCREASE MEMBERSHIP

#### Elks Initiate Twenty New Members at Regular Session Last Evening

The regular meeting of the B. P. O. E. No. 794 was held last evening at Elks hall, and in spite of rainy weather, about 175 members were in attendance.

Twenty candidates were initiated at last night's meeting, among them being E. B. Trago, U. H. Plaven, J. W. Morrison, E. S. Gilbert, F. W. Beckwith, Clyde R. Hill, A. R. Todhunter, Wm. M. Brown, Chas. F. Mitchell, C. A. Danielson, J. F. Britton, W. E. Clement, Paul P. Arp, Robt. Hayes, L. C. Towler, A. G. Flagg, Dr. F. L. Chapline, C. D. Overshiner, A. R. Lott and W. B. Morton.

Applications to the number of one hundred and ten are on file at the present time. About twelve are from Newport Beach, a number coming from Orange, Anaheim and Fullerton. As but twenty candidates can be initiated in one evening, special meetings will be called until all are completed, and next Tuesday night, Feb. 16, is set for a special meeting for this purpose. The lodge now has a total enrollment of 529 members, and those applications pending will raise the membership to over 600.

Nomination of officers was also held last night and the following were nominated for respective offices:

Exalted Ruler—H. J. Lowe.  
Esteemed Leading Knight—Dr. M. A. Patton.

Esteemed Loyal Knight—H. A. Gardner.  
Esteemed Lecturing Knight—W. C. Jerome.

Treasurer—George E. Peters.  
Secretary—W. W. Wassner.

Tyler—L. R. Majors.  
J. C. Burke, the present Exalted Ruler, was chosen as delegate with William F. Menton alternate, to attending the meeting of the Grand Lodge in Los Angeles in July.

The entertainment committee reported that, in the near future, a public entertainment of some kind would undoubtedly be given. The meeting was followed by a cafeteria supper served in the banquet hall.

### Celebrate Birthday

At dinner-time last evening, J. P. Baumgartner was given a pleasant reminder of the day that ushered into the world a man who has meant so much to his family circle and coterie of close friends.

Jonquils and fragrant violets centered the dining table around which the "home folks" gathered for the birthday spread, an attractive feature being the birthday cake, lighted by three candles. A candle of yellow hue denoted the mellow past of the honoree; one of red emphasized the rosy present, while the third emblem, of white, brightly proclaimed the future full of hope.

Congratulations and wishes for many happy successive birthdays were showered upon Mr. Baumgartner.

### Entertained Classmates

Misses Ardelle Taylor and Blanche Ellis entertained the members of their class at intermediate school, at Miss Taylor's home on West Pine street, Monday evening, Saint Valentine's season being honored in the gay decorations.

Various games were enjoyed and delicious refreshments served. Those joining in the pleasant affair were Misses Naomi Taylor, Thelma Warren, Beatrice Vagely, Janice Prince, Alice Heil, Mildred Stauffer, Nellie Larsen, Lula McDonnell, Easter Jacques, Ada Larson, Violet Day, John Freeman, Kenneth Ranney, Harold Lee, Orval Thompson, Earl Mitchell, Roswell Jacques, Terance Haynes, Philip Nevins, Howard Johnson, Theodore Ashman and Glenn Pearson.

### Interesting Wedding

An interesting wedding occurred yesterday afternoon, at the Catholic church, when Miss Gertrude Purell, a charming San Diego girl, became the bride of Stanley P. Tumber, also of that city.

## American-Made Fashions

HERE is an American fashion created with the German cavalry uniform as the basis. It did not come from Germany and no German designer has the slightest knowledge of it, but was made in this country by American dressmakers, who recognize the tendency toward the military.

This costume of covert cloth, untrimmed but for its own cut and buttons of tan bone, will serve many purposes. Sufficiently elaborate for morning wear with appropriate accessories, it is also quite correct for a morning shopping tour, if worn with a tailored hat and with shoes and gloves to correspond.

A most attractive hat that will also serve many purposes is this of white faille classique, with a soft crown and a curving coronet. Tan satin flowers and leaves are laid flat against the satin and outlined with tan silk stitching. A tan veil of figured mesh, which unfortunately shows in a solid black in the reproduction of the photograph, relieves the extreme severity of the hat and is equally smart when worn over the face or thrown back to fall over the shoulders.

It is almost superfluous to mention that the skirt is short, since at present all skirts are short and particularly so in a costume that at all suggests the military, as this one does. The jacket, fitting snugly above the waist line, is fastened with a row of tan buttons, below which a peplum of circular cut falls in deep points over the hips. The collar is of tan cloth, matched by a tiny bit of tan on the cuffs, above which tabs of the covert cloth are buttoned into place.

That her costume may be entirely complete, milady wears with this suit boots of patent leather, with tops of brown cloth, closely buttoned.

## Personals

Mr. and Mrs. H. J. Hopper of 1340 Logan street left yesterday for northeastern Texas, where they will make their home in the future. The Hoppers have made many friends during their residence here and will be greatly missed.

G. W. Cartwright of Anaheim was a business visitor here today.

Rev. Father Eummelen of Saint Joseph's Catholic church, went to San Diego this morning for an indefinite stay.

Mr. and Mrs. C. V. Allen of Hemet are visiting old friends in Santa Ana. Mr. Allen was formerly connected with the White Cross drug store.

Mr. and Mrs. H. Majors and niece, Miss Lucy Boyd, returned yesterday from a pleasant visit at San Diego.

Rev. Rufus S. Chase was among the gentlemen leaving for Los Angeles early this morning.

Mrs. E. L. Kellogg of Paso Robles has arrived from San Diego for a visit with Mr. and Mrs. C. S. Osborne, on Cypress avenue.

Mr. and Mrs. George Miller of Delhi left today for St. John, Kansas, traveling via the Santa Fe.

Mrs. Della Andrews and Miss Amelia Cartwright were among the Santa Anans visiting in Los Angeles today.

Paul Wiede left yesterday over the Santa Fe for Newton, Kansas.

Misses Eleanor and Frances Mendelsohn spent yesterday with their aunt, Mrs. Grace Hamilton of Long Beach.

W. E. Lightfoot left yesterday on a business trip to Kansas City, Missouri, expecting to be away for several weeks. During his absence, Mrs. Lightfoot will stay at the home of Mrs. Paul Judd, 929 West Pine street.

Mrs. M. O. White of San Juan Capistrano was a visitor in Santa Ana yesterday.

Mr. and Mrs. R. B. Gardner of 618 East Third street, are spending a few days at Elsinore.

Mr. and Mrs. Max Freeman and little daughter, Editha, left this morning for a few days' visit with Pasadena friends.

A. H. Fluor made a business trip to Los Angeles today.

—Dr. J. W. Shaul, 417 Hollingsworth Bldg., Los Angeles, in Santa Ana office Wednesday and Saturday afternoons, 1 until 7:30 p. m. Eye, ear, nose, throat and fitting glasses.

## AGED INDIAN SEES PROSPERITY AHEAD

\* MANDAN, N. D., Feb. 10.—  
\* That the present prosperity will  
\* be continued for three years,  
\* was the statement today by John  
\* Cloud, a wrinkled old Sioux In-  
\* dian of the Standing Rock Reser-  
\* vation. He says that 1915, 1916  
\* and 1917 will be wet years, fol-  
\* lowed by three dry years. Local  
\* persons are inclined to put con-  
\* siderable credence in the predic-  
\* tions of the Indians.

## BOGUS SOLICITORS AT WORK IN SOUTH

City Marshal Jernigan has received notice from the Los Angeles office of Collier's Weekly that a number of fraudulent solicitors are operating in Southern California soliciting orders for Collier's and various other magazines at a lower rate than could be secured anywhere else. Their stunt, according to the letter from the Los Angeles office, is to try to secure a check or the cash for the order, urging this as a reason to secure the low rate.

## AMUSEMENTS

### At the Grand

The most discussed drama of last season in New York undoubtedly was "Today," which will be the attraction at the Grand Opera House on Thursday, February 11.

"Today" was written originally by Abraham Schomer, but when Harry Von Tilzer, the well-known music publisher, secured its rights of production, he called into service George Broadhurst, whose master craftsmanship is said to be in evidence all through its four acts.

The play depicts the tragedy which follows in the wake of a young wife's attempt to keep up with the social procession, even when her husband can no longer provide the funds because of his failure in business.

After having been indulged by her husband in the luxuries of life, the wife silently frets and fumes under the duress of poverty, and easily falls a victim to the cajolery of a supposed woman friend, who points out the way by which she can have the good times and gorgeous gowns of yore.

### Temple Theatre

William Farnum, the prominent American star, and an exceptionally able supporting company, including hundreds of people, are presented in the Famous Players Film Company's mammoth five-part production of Wilson Barrett's sublime and famous drama, "The Sign of the Cross," the Paramount feature at the Temple Theatre, Thursday, Friday and Saturday of this week.

This great film attraction is conceded to be the most dramatic spectacle ever produced in America. The sense of solemn reality that pervades the story, the gentle maiden martyr's last moments on earth, and the atmosphere of unassailable purity, simplicity and faith which dominate the crucial scenes of the drama, make the subject one of the tenderest portrayals of a noble story ever presented to the motion picture public.

### DARTMOUTH HOPES FOR SNOW

BOSTON, Feb. 10.—Dartmouth athletes were hoping for snow today. Ski jumping is to be a feature of the fifth annual carnival of Dartmouth College Outing Club, which opens tomorrow at Hanover and continues until February 13. Yale and Harvard are considering a plan to follow Dartmouth's lead and establish outing clubs.

### CHURCH IN CONVENTION

## SIX SEASONS' RAIN RECORDS ARE BROKEN

According to the rain records kept by S. Hill & Son the season's rainfall to date already exceeds by forty-five hundredths of an inch the season totals of each year from 1908-9 to 1913-14, inclusive. The rainfall for the present season is 15.89 inches. On the night of February 9, seventy hundredths of an inch had fallen by 7 o'clock in the morning. The rainfall since that time and ending at 7 o'clock this morning was 1.45 inches, making a storm total of 2.15 inches.

Justin M. Copeland's rain gauge on North Sycamore street registered 2.09 inches for the storm and 16.10 inches for the season.

At El Modena the storm total was 2.33 inches and 16.75 for the season. Following is the table of seasonal rainfall since 1908:

Season	Rainfall
1908-09	15.44
1909-10	13.62
1910-11	12.31
1911-12	7.85
1912-13	8.44
1913-14	14.67

High tides, aided by a stormy sea, again gnawed away at the foundations of a number of the houses along the ocean front at Newport Beach yesterday and today. Some damage in addition to that of a week or so ago was done but this was slight in comparison. Another tide, higher than the one today is due tomorrow but unless it is accompanied by a severe storm there will be no great danger of the houses on the ocean front becoming undermined.

River  
There was more water rushing down the Santa Ana river last night than at any previous time this season though there was no damage done. Reports from the river this afternoon were to the effect that the waters were going down.

Farmers, while not actually complaining, are wishing for a season of bright, warm weather in order that they may plow their lands. A continuation of rain without a dry spell will make planting somewhat late this season, it is thought, but will not result in any loss to the farmers.

## GARDEN GROVE

HEAD SETTING OUT  
PLACE TO WALNUTS

GARDEN GROVE, Feb. 10.—Geo. Head is setting his place, half a mile east of town, to be planted with walnuts.

Arthur Schnitzer and Mr. Andres were business visitors at Los Angeles on Monday.

Mrs. C. Christenson returned on Friday from a trip to Redlands, where she visited her son and daughter-in-law, to Riverside and to Los Angeles, where she visited her daughter.

Miss Clara Lott visited with Miss Enola Sherwood at the Deaconess Home in Los Angeles on Sunday.

N. Carmichael was called to El Toro on Sunday to conduct a funeral at that place. He was accompanied by Wm. Mills and family.

Mr. and Mrs. Wm. Russell and their guests, Mr. and Mrs. Banks, of Vermont, spent two days visiting a number of places of interest in Orange county and vicinity last week, spending Saturday night with Mrs. Russell's daughter, Mrs. Hawley, in Los Angeles, and returned home on Sunday.

Wm. Guest of Detroit, a brother of Mrs. Raymond Beardsley, is a guest at the Beardsley home this week.

Miss Hazel Green, who underwent

HAVE DARK HAIR  
AND LOOK YOUNG

Nobody Can Tell When You Darken Gray, Faded Hair With Sage Tea

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two it is restored to its natural color and looks glossy, soft and abundant.—Advertisement.

Effective February 1

Reduction No. 3  
on Goodyear Tires

Making Total Reductions 45% in Two Years to Give Always the Most for the Money

We are glad again—for the third time in two years—to announce a big reduction on Goodyear tires, effective February 1. Goodyear policy on price is to give the utmost in a tire at the lowest possible profit. Our reductions are made to that end, without ever reducing the quality.

That always means, with our matchless output, more for the money than any other maker can give.

As rubber came down our prices came down. As our output multiplied, reducing factory cost, our prices came down with it. In two years our reductions—including the present—have totaled 45 per cent.

Last year we increased our output 26.6 per cent. A few days ago the embargo on rubber was modified so that supplies seem assured. The market price for rubber seems for a time established. Fabric costs less than last year. So, under our minimum profit policy, we announce this new reduction.

## Only a Fair Basis

We consider profit margin on a tire the only fair price basis. We keep that margin just as low as our line allows.

While we do that, Goodyear tires will always undersell any tires that compare with them.

The Goodyear Tire & Rubber Co., Akron, Ohio.

**GOOD YEAR**  
AKRON, OHIO

## Fortified Tires

Fortified Against  
Rim-Cuts—by our No-Rim-Cut feature.  
Blowouts—by our "On-Air" cure.  
Loose Treads—by many rubber rivets.

Electric Wiring and Fixtures. Cor. 5th and Main Sts.

## Reclamation Under Carey Act

(From Los Angeles Financial News.)

California Conservation Commission has evolved a plan by which a million acres of land, located in the eastern part of Imperial, Riverside and San Bernardino counties, will be reclaimed. An engineer will be appointed to make a reconnaissance of the lands in the section named and when this is done the selection of land under the proposed project will be selected. The Commission, which is a unit on the plans, consists of former Governor Pardee, Francis Cattle and J. P. Baumgardner. In outlining the plan former Governor Pardee is quoted as follows:

"The first step which we shall take is to determine whether there is a million acres of desirable desert land that can be taken up under the Carey act. We do not know how much land there is still open to settlement on which water from the Colorado river can be placed economically. With this information in hand, the second step is to get Secretary of the Interior Lane to withdraw the land from entry by others, until the State itself can act. The third is to adopt a general and comprehensive plan of reclamation, to be undertaken by the State and to be paid for by the people who go on the land—not at once, but as their resources will permit. Legislative action for taking up the land, for reclaiming it and for reimbursing the State will have to be secured."

"I am free to admit that the proposals are merely

tentative at this time, and we will have to do much work before having a concrete proposal to offer which will meet with the approval of the State. It goes without saying that California, which has an unemployed problem of its own to handle every season, and at the same time has millions of acres of land that only require water to make it fabulously productive, should decide on something that will permanently relieve a situation that grows worse, apparently, with every season."

"The lands we have in mind start north of Needles and extend southerly to the Mexican border. There need be no fear from the irrigators of the Imperial Valley that we will in any way interfere with their project now in hand, or with their supply of water. The reclamation work will require the services of thousands of men. The season of the year when they can be most advantageously employed in that part of the State is winter, when San Francisco, Los Angeles, Oakland and other cities are overrun with men eager to work and unable to get it. The seasonal laborers everywhere will flock to that district of their own volition when they know that work awaits them there rather than congregate in the cities. The preliminary reconnaissance will consume about six weeks, then we shall be in a better position to discuss the means of getting water on the land providing work for those who, wanting it, should have it."

played and wienies were roasted.

Ray Beardsley took another truckload of walnut trees to Puente Wednesday.

F. Fulham, E. Fulham and Will Fulham and their families moved to Fresno county Tuesday where they expect to locate.

Mrs. Clark has been quite ill for a few days.

Alonso Chaffee of Wasco, Ill., spent Thursday at the home of Albert Chaffee.

Mrs. M. J. Newman has been visiting in Los Angeles for ten days. She returned to the home of her daughter, Mrs. Winters, Saturday.

Miss Leila Chaffee gave an afternoon tea Friday. The ladies brought their fancy work. Cake and tea were served. Those present were Mrs. Potter, Mrs. Swazy, Miss Eastman, Miss A. Christensen, Miss Myrtle Ayers and Miss L. Chaffee.

The Ladies' Baptist Missionary Circle met at the church, Wednesday, February 10, at 2:30 p. m.

The Free Methodist church is being plastered. All the work done on the church building up to the present has been donated.

Yamatani and wife left for Hiroshima, Japan, Monday, February 8. They will visit Yamatani's father, mother, brother and two sisters in that place. They expect to return the first part of May.

Mr. and Mrs. George Reyburn and Mr. and Mrs. Finn spent Sunday afternoon with Mr. and Mrs. W. Jenks of Artesia.

Miss Lila Crane returned from Sawtelle Sunday evening. She has been taking care of her sister-in-law, who has been quite sick for the past month.

Mr. and Mrs. Everett Crane of Sawtelle spent Sunday night with their parents, Mr. and Mrs. Crane.

Mr. Osborne has bought a grocery business at Florence and will move his family Friday to that place.

This week the Baptist church is having a prayer service every night. Young men of the church are conducting these services.

Dr. Wilson and wife of Whittier, Mr. Clotzback, general conference evangelist, and Jesse L. Anderson,

STOPS HEADACHE,  
PAIN, NEURALGIA

Don't suffer! Get a dime pack of Dr. James' Headache Powders.

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

son of Rev and Mrs. Anderson, spent Monday at the Anderson home.

The Home Missionary Society of the Methodist Episcopal church met with Mrs. Holt Wednesday afternoon, February 10, at 2:30 o'clock.

The Misses Christabel and Dorris Thomas returned from Banning Saturday, where they have been spending the past three months.

Mr. and Mrs. R. M. Fay left for San Diego to attend the Exposition. They expect to be gone a week.

Mrs. Fetz's father, mother and sister, Mr. and Mrs. Watson and and Miss Watson, are expected from Boone Ia. They will spend some months in California.

Monte L. Preston was a business visitor to Los Angeles Tuesday.

Sunday night at Bolsa a Japanese home was broken into and some valuable papers stolen.

## SPORTLETS

**Slow**  
The newspapers gave Young Shugrue the nod over Freddie Wels in their 10-round bout in New York last night. There was little to the mill that would appeal to the lover of boxing skill. Half the time was taken up in clinching.

**En Route**  
John Marquis, who overturned during the Grand Prize race at Santa Monica last year in his Sunbeam, passed through Los Angeles yesterday en route for San Francisco where he will pilot the Bugatti entry in the Vanderbilt and Grand Prize classics.

**Proposed**  
Registration numbers and license plates will not have to be renewed each year, thereby saving \$90,000 a year, if an amendment to the motor vehicle act to be urged before the State Legislature becomes a law.

**Signed**  
Young Shugrue will box the winner of next Sunday's Mandot-Dundee mill at New Orleans during the latter part of next month.

**Final**  
No players will go to the training camps before March 1 each year, according to a rule made yesterday at the meeting of the National League ball club owners in New York.

**Limit**  
National League magnates reduced the player limit on each club to twenty-one.

**Long**  
What will be the longest track season in the history of college athletics in the South begins Friday at the U. S. C. novice meet and ends in May with the A. A. U. championships.

**Confident**  
Coach Stanton of Pomona College is confident that his athletes will win the Occidental relay carnival.

**Sable**  
Jack Johnson arrived at Baradose, British West Indies, yesterday, from Buenos Ayres. His weight is 245 pounds and he avers he is in good condition. He will charter a steamer to take him to Vera Cruz, there being no other means for him to get to Juarez, Mexico.

**Postponed**  
The run to have been made from Los Angeles to San Diego Friday by the Automobile Club of Southern California was postponed until later on account of the unsettled weather conditions.

**Jump**  
Ed Ruelbach, former pitcher for the Brooklyn Nationals, has signed with the Federal League.

**Moisture**  
No polo at Riverside yesterday. None today. Rain. Games tomorrow, Friday and Saturday, weather permitting.

RICH WOMEN ESTABLISH  
KITCHEN FOR THE POOR

NEW YORK, Feb. 10.—Two of the richest women in New York have established a public kitchen for the sale at cost of freshly cooked food to be taken home for family use by New York's poor, and have agreed to finance it for a year. The kitchen is at Twenty-seventh street and Sixth avenue. Others are to be established if this proves a success.

The bill-of-fare will include soups at 2 cents, stews at 4 cents, dinner and supper at 5 cents each.

Mrs. James A. Burden and Mrs. William K. Vanderbilt, Jr., are sponsors for the movement and will pay the expenses. The association for the improvement for the poor has the matter in hand.

Phone us for any kind of electrical repair work. Prompt service. Big reductions on portable lamps.

Facts  
are  
Facts

because of anything or conditions that actually exist. The statements we've been making from time to time regarding conditions in the Templeton-Paso Robles district—(climate, fertility of soil, advantageous location as to market and social conditions, rainfall and wide range of products,) have been statements of facts, sometimes disputed by parties who have no knowledge of the facts, or have only made an indifferent investigation, but facts nevertheless.

Our statements of the probable future of the district have, of course, been predictions based upon those facts and our observations of what has taken place in many other meritorious sections of California. Every forecast made by us as to the future of the locality is being more than justified by the happenings of the past two years, at a time too, when development in many localities has been at a standstill or slipping back. Most of the development now being done there, with the exception of an eight million dollar project, is by men from Orange county and other parts of Southern California, mostly men of the hard-headed "show-me" type who know fruit and nut growing and California conditions.

We're  
Right

We know we are right and will be glad to tell you about this wonderful country and talk land to you—large or small parcels, improved or unimproved, fruit, nut, general farming, or stock ranches.

Cardinal, Orange Co. Ex. 2.15

LOS ANGELES PRODUCE MARKET. Following the rise in sugar, grain and beans has come the announcement of slight advances in rice, which many dealers consider the lowest food commodity on the American market today. Rough rice is very active, with little offered, and a heavy demand.

Owing to the rain, vegetables were all a little scarce, and slight advances were reported in several lines, including beans and peas. The car of Florida tomatoes received a day previous was all distributed, and even well out of the hands of the jobbers yesterday morning. California tomatoes were pretty hard to get. Bunch goods were in good call, and very firm all through the list.

So heavy was the demand for local eggs that the market was forced up to 26½ cents, a rise of 1½ cents a dozen. In the North the advance was not so marked, and the price stopped at 24 cents.

## STOCK—DAIRY—STOCK

10 acres on paved boulevard, 4 miles out, 2½ miles Garden Grove, good 5 room house, excellent barn, stand chions for cattle, lot holds 40 tons hay. Electric lights, and pumping plant, pressure water, one-half alfalfa, balance two crops or may be faifa. Sell or exchange account ill health. Take clear house. # ALLIES' AVIATORS RAIN BOMBS ON WAR DEPOT AT ADRIANOPE

LONDON, Feb. 10.—Considerable damage was done by aviators of the allies, dropping bombs on the military depot at Adrianople, according to dispatches received today. The airmen used Zeppelins which left the allied fleet early in the morning and returned safely after dropping the bombs.

PRETORIA, South Africa, Feb. 10.—It is reported the Germans in South-west Africa have executed Colonel Maritz, former leader of the Boers against the British, on the charge of treason. Maritz arose against England when the war broke out. Following the death of General Beyer, he fled into German territory.

FALMOUTH, Eng., Feb. 10.—The American steamer Wilhelmnia, which sailed from New York with food stuffs for Germany, is still anchored in the harbor today in charge of her own officers.

There is apparently no intention on

**HEAD STUFFED FROM CATARRH OR A COLD**  
Says Cream Applied in Nostrils Opens Air Passages Right Up.  
Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.  
Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.  
It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Advertisement.

the part of the British admiralty to seize the vessel this time. Its commander said he came into Falmouth because of bad weather, and not because he had been ordered to do so.

PARIS, Feb. 10.—An attempt by the Germans to carry by general assault the French positions northeast of Maronville, in Lorraine, has been repulsed with heavy loss, according to today's war office bulletin.

This is believed to mark the resumption of active operations by both sides in this province. The weather, which has held both armies chained in the trenches for months, is moderating greatly and more extensive maneuvers are now possible.

From the Aisne to the Champagne region, artillery duels command attention. The Germans are bringing up heavy reinforcements, evidently preparing for another smashing offensive move as soon as the weather permits.

BERLIN (via London), Feb. 10.—The war office admits today that a series of separate engagements in Prussia are developing into an extensive general battle, but declared the fighting is far from a decisive stage. The course of fighting in the East is said to be developing normally. Minor successes are claimed in the Argonne district.

WASHINGTON, Feb. 10.—The official text of the memorandum to the press recently issued by the German government explaining its recent order extending the war zone to British and French waters, was submitted to the State Department by the German embassy today. It will be translated and compared with the text published by the newspapers. The department will then be ready, it is stated, to take official action regarding the war zone situation and the question of the British liner Lusitania in flying the American flag.

# ALL MUST RUN IN PRIMARIES

City Attorney Can See No Way  
Whereby Independent Candidates Can Get In

City Attorney Heathman said today that he knows of no way by which there can be independent candidates on the ballot for the city election April 12. He says that steps are being taken to call a primary election, which shall be partisan for all offices except recorder and the the board of education.

The question of whether or not there can be an independent candidate, is an interesting one, and there are some who are not ready to yield to the city attorney's opinion that there can be no independent candidates. Section 1188 of the direct primary law specifically provides for the method whereby there can be independent nominations for offices except where non-partisan nominations are made in the primaries. This is a question that doubtless will be looked up carefully by some of the candidates who do not want to run as partisan candidates.

"I am satisfied that all of us who want to have our names on the April ballot must become partisan candidates at the primary," said the city attorney today, "excepting candidates for recorder and the school board. They must appear at the primary as non-partisan candidates. I think the provision for independent candidates applies only to the assemblyman, so far as our county is concerned."

**AT THE COURT HOUSE**  
**PETITION FOR  
GUARDIANSHIP  
OF MRS. NEILL**  
Stated That She is Unable by  
Reason of Illness to Look  
After Property

Today Walter L. Neill of Santa Ana and Ida N. Beazley of Los Angeles applied for letters of guardianship upon the person and estate of their mother, Mrs. Mary J. Neill, owner of valuable business property in Santa Ana. The petition, filed by Attorneys Williams & Rutan, states that for several weeks Mrs. Neill has been ill, part of the time out of her mind, and that she is unable to attend to her affairs. The petition states that the estate is valued at \$30,000.

The petition is set by Judge West for hearing on February 19.  
Sent to Patton  
Though he protested, Edward Girard, a dishwasher at a Santa Ana restaurant, was today ordered committed to the asylum at Patton as a victim of narcotics. His case was heard by Judge West.

**Suit on a Lien**  
Said on a mechanic's lien was started today by Horton-Hemstock Co. against G. W. Whitsett, H. F. Clark and others. Judgment for \$1150 is asked. Clyde Bishop is attorney for the plaintiff.

**To Establish Tax**  
Action was brought today by Wm. C. Hoefler and others against Rosa M. Hoefler. The action is an amicable one to establish the amount of a state inheritance tax. Williams & Rutan are attorneys for the plaintiff.

**For Guardianship**  
Laura L. Griffith of Huntington Beach has asked for letters of guardianship upon the estate of her daughter, aged 9.

**Marriage License**  
Drury P. Wieman, 24, of Crockett, and Edith L. Tidball, 25, of Santa Ana.

**USE BEST OF GRAVEL  
ON CHESTNUT AVENUE**  
Yesterday a conference was held between city trustees, property owners on East Chestnut avenue and G. C. Roy, receiver of the Crandall Construction Company, in regard to a clause of the contract for paving East Chestnut. It was pointed out that the company had taken the contract at 10 cents, a low figure, and it possible it was desired by the receiver to avoid screening the gravel. It was decided, however, that screening should be done, unless gravel that is proven to run better than 50 per cent rock is used. Trustee Grubb, several property owners and the Crandall foreman are a committee to inspect the gravel bed.

**GOOD ROADS BOOST**  
RICHMOND, Va., Feb. 10.—The "good roads" movement got another boost yesterday when the fourth annual meeting of the Virginia Road Builders' Association was held here. Highway engineers of Maryland, Virginia and the government are on the program for addresses.

**ATHLETIC MEET TONIGHT**  
NEW YORK, Feb. 10.—The New York Athletic Club will hold its annual indoor athletic meet at Madison Square Garden tonight.

## The Jeffery Chesterfield Six

### Is Absolutely the Best Car of Its Size in the World

Pay any price you wish—buy any make of car you wish—American or foreign—and you positively cannot get a better car of its size than the Jeffery Chesterfield Six.

You may get a car as good as the Jeffery if you pay \$4000 or \$5000 for it. But it can't be any better. That's absolutely impossible.

There can be but one BEST. And that's perfection itself. You may equal it—but you can't better it. In motor cars, the Jeffery Chesterfield equals that goal of perfection, not alone in design, but in materials, workmanship, finish and appearance as well.

Every piece of steel entering Jeffery cars is bought by a metallurgist—not by a purchasing agent. And every piece of steel is scientifically tested. Mind you, we said every piece—not one piece in a hundred, or one piece out of fifty, or ten—but every individual piece must come up to the Jeffery standard.

Every gear and every third tooth in each gear is given the scleroscope test. And then each gear is placed in a delicate instrument and meshed with a master gear. The slightest irregularity detected by this instrument renders that gear unfit for a Jeffery car. No amount of money can buy better materials or greater care than that.

The Jeffery motor is of the light-weight, high-speed type. The leading builders of France, Germany, England, Italy and America use this type of motor in their best cars. But not one of them produces a better motor than the Jeffery.

The long Jeffery cantilever springs will be found on some of the better cars built "across the pond." But few Americans know anything about their increased riding comfort over ordinary springs. Simply because American find that the use of the cantilever springs would necessitate a considerable change in design and they cost a little more.

But in designing the Chesterfield, Jeffery simply forgot all about cost. He used the best of everything. The Jeffery worm drive costs far more than ordinary bevel gears. The imported Annular Ball Bearings cost more than common bearings. The first grade leather used in upholstering the Chesterfield costs more than the "seconds" or "thirds" used in other cars.

But a perfect car couldn't be built without them. So Jeffery used them. Then he figured up the cost of building—not assembling—such a car in the best-equipped factory in the world. He found it could be built and sold for \$1650. Others are asking up to \$5000 for larger cars, but they are not one whit better than the Jeffery Chesterfield.

Now these statements and claims are either true or untrue. If they are true, it is your opportunity to secure the equal of a \$4000 or \$5000 car for \$1650. If untrue, the chances are our ten years of effort in building up our business will be ruined in a day. We know the car. We are willing to take the chance. We want to show you. Will you let us?

Jeffery Chesterfield Six, \$1650. Jeffery 7-Passenger Big Six, \$2100. Jeffery Four, \$1450.

**D. H. LEWIS, Dist. Agent. 417 North Broadway**

**IN THE JUSTICE COURTS**  
**ASKS DAMAGES FROM THE CITY**  
Evidence Going in Today Concerning McCordie's Claim Against Santa Ana

Today Justice Cox is hearing evidence in the civil suit brought by W. J. McCordie for \$218 damages. McCordie is suing the city for damage alleged to have been done on his ranch southwest of Santa Ana by reason of leakage from the outfall sewer. McCordie on the stand asserted that he was damaged \$100 in 1913 and \$118 in 1914. He said his land was soaked and sugar beets destroyed.

On cross-examination by Attorney Clyde Bishop, who with City Attorney Heathman, represents the city, Attorney B. E. Tarver appearing for the plaintiff, McCordie was questioned concerning an incident that may be further aired by the city. The intimation of the defense was that McCordie broke the sewer pipe by driving a heavy load across it. It was also intimated that when Supt. Superintendent Reid suggested building a fence along the right of way, McCordie said he would use one of the stakes on Reid.
